## Objective

Currently pursuing the intricacies of full stack web development. My aspirations lie in bridging the gap between business and technology and how to implement code to solve business problems. Humbly seeking an internship to broaden my horizon and gain exposure in the web development and product development space. Available from 7 Feb 2022 till 31 Jul 2022.

## Education

### **NATIONAL JUNIOR COLLEGE 2014 - 2019**

- GCE A-Level, 90 Rank Points: 6 Distinctions (AAA/A)
- Course Offered: Biology, Chemistry, Mathematics, Economics, General Paper, Project Work
- Tutoring & Mentoring Programme (2015, 2016)

### **NATIONAL UNIVERSITY OF SINGAPORE**

- Incoming Information Systems Undergraduate, 2022 – 2026
- Recipient of NUS merit scholarship

## Projects

### **WEBSITE FOR CONDOMINIUM COMMUNITY GARDEN**

- Building a website to increase the awareness of the newly founded community gardening group in my housing estate and attract recruitment
- Uses HTML, CSS, Bootstrap and Javascript

### **BLOG ENTRY WEBSITE**

- Built a website focused on backend for users to log their blog entries to be displayed on the home page.
- Uses Node.js, Express.js, EJS and Lodash

## Experience

### **AIR IMAGERY INTELLIGENCE OFFICER / NSMEN OFFICER (NSF) - RSAF**

March 2021 – Jan 2022

- Main in charge for the successful planning and execution of numerous NSmen reservist training
- Heavily involved in the large scale transition of the unit through the development and conduct of several conversion courses for a body of 100+ individuals.
- Effected data filtering system in excel for seamless analysis of extensive data (Awarded for innovation by unit)

### **STUDENT VOLUNTEER (SAMBOUR PRIMARY SCHOOL, SIEM REAP, CAMBODIA)**

Jul 2018 – Dec 2018
